

AUTOMATED DATA PROCESSING STAFF
WEEKLY REPORT FOR PERIOD ENDING 25 OCTOBER 1988

I. Progress Report on Tasks Assigned by the DCI/DDCI:

II. Items or Events of Major Interest that have Occurred During the Preceding Week:

A. CLAS:

(1) The CLAS Supply Team has scheduled training classes for 30 users during the week of 31 October. The training will be presented at the Chamber of Commerce Building and will provide users an opportunity to acquire hands-on-system training. The class will provide the skills required to query the catalog master; part number file and all related inventory line item data. [REDACTED]

(2) Briefing by Cullinet: On Friday, 21 October, representative from Cullinet's Applications Development Group briefed Agency CLAS/BARS Team on the functional design of the final Funds Control package to be delivered in February 1989. Our impression was that they have an excellent understanding of the Agency's functional requirements, and if the software reflects that understanding we are in pretty good shape. details specifications will be provided to us in mid-November. [REDACTED]
